JABER MASUD

Address: Sector 11, Uttara, Dhaka – 1230, Bangladesh
Mobile: +88 01871-344252
Email: njb99m@gmail.com

Career Summary

I'm a software engineer with over 4 years of experience in building web applications using PHP, Laravel, and other modern web technologies. I enjoy turning ideas into real products, whether it's developing a new feature, fixing tricky bugs, or improving system performance. Writing clean, readable code is important to me, and I always try to follow best practices so the work stays easy to understand and maintain.

I'm always open to learning new tools and technologies that can help build better software.

Work Experiences

Software Engineer | Bug Finder | 2023 - Present

- Developed and optimized high-performance Laravel-based applications.

- Designed and implemented RESTful APIs for seamless integrations.

- Enhanced application security with authentication and role-based access control (RBAC).

- Worked closely with UI/UX designers to improve user experience.

- Integrated third-party services such as payment gateways and virtual cards.

- Conducted code reviews and optimized database queries for better performance.

Web Development Trainer | Knowledge IT Institute | 2022

- Conducted training sessions on PHP, Laravel, and modern JavaScript frameworks.

- Developed course materials and hands-on projects for students.

- Mentored students to build real-world applications and enhance coding skills.

Education

Bachelor's in Computer Science & Engineering
Northern University Bangladesh, 2021-2024

Diploma in Computer Science & Engineering
Feni Polytechnic Institute, 2016-2020

SSC from science
Jogatpur High School, 2016

Projects

Waiz - Digital Wallet and Remittance App and Website with Admin Panel

- Developed a full-featured wallet and remittance solution for global money transfers.

- Integrated multiple payment gateways & six virtual card solutions: **Stripe, Strowallet, Marqeta, Rapyd, Flutterwave, and Ufitpay** for multi-platform financial operations.

- Built and optimized high-performance RESTful APIs for mobile application.

- Merchant: https://codecanyon.net/item/merchant-panel-addon-for-pay-secure/58740637

Mobile Application links: User-App, Agent-App, Merchant-App

Marketlyst – Digital Content Selling Platform

- Developed Marketlyst, a scalable, multi-vendor digital marketplace for buying and selling digital products, with advanced product management, licensing, and automated digital delivery.

- Engineered secure user authentication with Sumsub KYC integration, and implemented role-based dashboards and permissions—including Reviewer roles for product approval and admin task delegation.

- Delivered a modern, responsive frontend with interchangeable Spark and Orbit themes, real-time search/filtering, multi-language support, customer reviews, support ticketing, and a content-driven blog.

- Project Link: https://marketlyst.bugfinder.app

Additional Projects:

Beyond the projects listed above, I have also completed and published several products for Codecanyon and custom clients, including advanced chat systems, crypto exchange platforms, and other bespoke web applications.

Training and Workshop

- **PHP with Laravel Framework** – PONDIT (Under BASIS SEIP), Dhaka, Uttara, Azampur.

- **Web Design & Development**– SBIT, Feni, Mizan Road. (1 year training 2017)

Language Skills

- Bengali – Native
- English – Fluent (reading, writing, listening and speaking)
- Hindi – Fluent (listening and speaking)
- Urdu – Fluent (listening and speaking)

IT/Technical Skills

- Familiar with MS Word, MS Excel, PowerPoint presentation, ERP Solutions, computerized Accounting software Navision, email and Internet operations.

Extra-Curricular Activities

- Mentoring & Training – Delivered web development training sessions at Knowledge IT Institute, helping aspiring developers build foundational skills in HTML, CSS, JavaScript, and PHP Laravel.
- Event Organizer (Student Life) – Took part in organizing various educational and tech-related programs during college and university, enhancing teamwork and coordination skills.

Personal Information

- Full Name   : Noor Jaber Bhuiyan Masud
- Date of Birth   : 1999
- Religion   : Islam
- Marital Status   : Unmarried
- Nationality   : Bangladeshi
- Permanent Address   : Feni.

Online Presence
